# THE HONDO ANVIL HERALD

MEDINA COUNTY'S LEADING NEWSPAPER SINCE 1886

Published each Thurs. at 1601 Ave. K, Hondo. \$5 per year in county, \$6 out of state; 2nd class postage pd. at Hondo, Texas 78861.

85th Year--No. 26

Hondo, Medina County, Texas 78861, Thursday, June 28, 1973

14 Pages in Two Sections--10c

## NOTICE

The regular July meet-  
ing of the Medina County  
Museum, Inc. will be held  
at 7:30 p.m. in the Medina  
Electric Co-Op building  
Thursday night, July 12.  
All directors, members,  
and interested persons are  
invited to attend.

## Diane Lively represents Hondo

A petite lady from Hondo will  
combine her grace, beauty and  
musical talents in a powerful effort  
to gain the "Miss South Texas"  
title at Seguin early in July.

The dainty lass is "Miss Hondo  
-- 1973" herself, otherwise known as  
Diane Denise Lively, daughter of  
Mr. and Mrs. Edmond D. Lively of  
2802 Avenue I.

And the occasion at Seguin will  
be that city's "Miss South Texas  
Pageant", which annually high-  
lights its Fourth of July  
Celebration for all of South Texas.  
General chairman of the pageant is  
Mrs. John (Juanita) Taylor.

Diane will have a superior chance  
to achieve honors during this year's  
pageant, scheduled for Monday  
through Wednesday, July 2-4, on  
the stage of Seguin's Wuppermann  
Little Theater. Starting times will  
be 7:30 p.m. on Monday and  
Tuesday, and 7 p.m. Wednesday.

She is 5' 4" tall, has brown eyes,  
brown hair and an olive complex-  
ion. Also to be evaluated by the  
judges will be such vital statistics  
as her 110 pounds proportioned  
over a 34-23-35 figure.

During the vital talent portion of  
the pageant, Diane will perform a  
musical variety act. Having  
practiced on the alto saxophone for  
five years, she is a skilled player of  
this melodious instrument. Further-  
more, Diane plays the alto sax in  
the Hondo Owl Band.

Diane Lively "Miss Hondo"

## Park project moving

Things are moving forward on  
the Hondo City Park project albeit

the time of accomplishment will be  
extended somewhat.

In answer to a request for help  
from Rep. John Poerner, the Parks

and Wildlife have already sent a  
man to look over the park.

Jim Watt of the Parks and  
Wildlife Department covered the  
City Park with Mayor J. G. Barry  
and told him "this is one of the  
finest park sites I've ever seen.  
And that barbecue pavillion is the  
largest."

He also told the Mayor that the  
Department has 10 or 12 jobs  
ahead of Hondo and it will be  
sometime in September or October  
before a crew can come in to begin  
planning.

Watt also asked for a more  
current topography map of the park  
area and Mayor Barry said Monday  
that E. L. Everett of the Soil  
Conservation District has already  
assured him this will be forthcom-  
ing.

"So," the Mayor said, "things  
are moving although they will be a  
little slow. However, it will be  
much better to have a comprehen-  
sive plan when we begin to build the  
park. I have written Mr. Watt  
thanking him for his promptness  
and his interest."

Meanwhile, Rep. Poerner ex-  
pressed the sentiment of the city in  
a letter to Clayton T. Garrison,  
executive Director of the Parks and  
Wildlife Department:

"Dear Clayton:  
Thank you for helping the City of  
Hondo in planning their Park. Your  
immediate response to my request  
is more than appreciated and I  
hope you will call upon me if I can  
help you at any time."

## Housing in deep freeze

For the present time, Hondo's  
application for low rent housing is  
in a deep freeze that holds little  
likelihood of thawing.

That is the gist of a letter  
received from the Department of  
Housing and Urban Development  
by C. E. Hackbeil, Chairman of  
the Housing Authority of the City  
of Hondo.

In part the letter stated:  
"... The suspension of the  
Subsidized Housing Program, an-  
nounced by the Department,  
prevents this office from continuing  
the processing of the subject  
application."

"Please be assured that if the  
Department policy is revised to  
allow us to resume processing new  
applications, you will be advised  
immediately."

Hackbeil said Wednesday morn-  
ing that "All we can do is keep the  
application on file and return it to  
HUD when and if they request us  
to do so."

## Chicken thefts bring four arrests

Four Hondoans are free on bond,  
charged with theft in an alleged  
operation of selling stolen frozen  
chickens bound for California from  
Seguin.

Arrested by Hondo police at 2:30  
a.m. Friday, June 15, were Albert  
Lopez, Joe Torres, Ruben Correa,  
and Dorothy McFigue, all of  
Hondo.

They were taken before Justice of  
the Peace Harold Herring and  
charged with Theft Over \$50.

Bond was set at \$5,000 for  
Lopez, and \$2,500 for the other  
three.

## Cof C directors meet Monday

A busy agenda awaits Chamber  
of Commerce Directors when they  
meet at noon Monday at the New  
Frontier Restaurant.

The agenda includes:  
Discussion on maps of Hondo  
and Medina County, the County  
Agents Tour, drivers education by  
Albert Rowlett, banquet speaker,  
South Texas Chamber brochures,  
the RSC&D meeting on the regional  
airport plan, Hill Country Trail  
Association meeting, a report on  
Highway 90 and a chamber sign,  
and other committee reports.

Willie Schmidt of Tarpley has  
been invited as a guest to discuss  
with the directors any possible  
means that can be taken to  
publicize the dinosaur tracks on his  
property.

## St. Louis church celebrates event

The Castroville Catholic com-  
munity, over 1,000 strong, braved  
steady rain and muddy grounds to  
rededicate their newly-restored St.  
Louis Catholic Church Sunday af-  
ternoon.

Officiating in the 5 p.m.  
rededication service for the century-  
old Gothic structure were Arch-  
bishop Francis J. Furey and  
Auxiliary Bishop Patrick Flores, of  
San Antonio.

Other priests from area parishes  
assisted St. Louis Pastor Rev.  
Larry Steubben in the impressive  
ritual which consisted of the  
blessing of the building, then a  
spiritual rededication of the St.  
Louis Parish family to continued  
service to God.

The church was originally built in  
1870, constructed of hand-hewn  
limestone blocks and cedar timbers  
cut from the area.

In recent years the aging wooden  
floor, cracking plaster in the walls,  
and the lack of such modern  
innovations as central heat and air  
conditioning made it questionable  
whether the church should be  
restored, or replaced by a modern  
structure.

The town of Castroville is  
history-conscious, however; with all  
the picturesque Alsatian homes,  
many well over a hundred years  
old, which have been painstakingly  
restored it seemed almost unthink-  
able that the artistic centerpiece of

4H DRESS REVUE WINNERS-  
Three county 4H girls will  
represent the county in the District  
Dress Revue slated for July 24 in  
San Antonio. Winners are, left to  
right: Senior Division-Lynda How-  
ard, daughter of Mr. and Mrs.

Jerry Howard of Devine; Junior  
Division-Vicky Gilliam, daughter  
of Mr. and Mrs. Ralph Gilliam of  
Hondo; and Pre-Teen Division-  
Tammy Rodgers, daughter of Mr.  
and Mrs. Phil Rodgers of  
Castroville.

## Dress Revue winners listed

By Gaye Bippert  
Medina Co. Extension Agent

The 1973 Medina County 4H  
Dress Revue was held Friday  
evening at Medina Valley High  
School.

The three girls who will represent  
Medina County at the District 13  
4H Dress Revue at Joske's on July

24 will be Senior - Lynda Howard,  
West Devine 4H Club; Junior -  
Vicky Gilliam, South Hondo Unit  
I; Pre-teen - Tammy Rodgers,  
Castroville 4H.

4H members scoring second  
highest points were Cheryl Cox,  
North Hondo; Beverly Graff, South  
Hondo Unit I; Michelle Outlaw,  
West Devine 4H; and Vickie

Boehme, Rio Medina 4H.

Contestants scoring third highest  
points were Marie Kearton, East  
Devine; Denise Woolls, North  
Hondo; and Jeanette Aelvoet,  
South Hondo Unit I 4H Club.

Mariette Aelvoet, newly elected  
chairman of the 4H County Council  
presided as Mistress of Ceremonies.  
Susan Tondre, LaCoste 4H Club  
Co-Chairman welcomed the 4H  
members, parents and friends.  
Awards were presented by Glenn  
Bragg, Wayne Scholtz and Gaye  
Bippert, County Extension Agents.

Bue Awards were presented to  
the following 4H members: PRE-  
TEEN - Donna Biediger, Rio  
Medina 4H; Diane Bourquin, Rio  
Medina 4H; Angela Braden, So.  
Hondo Unit I 4H; Cheryl Cox, N.  
Hondo 4H; Beverly Graff, So.  
Hondo Unit I 4H; Hazel Haby, Rio  
Medina 4H; Mary Hartley, Natalia  
4H; Marie Kearton, E. Devine 4H;  
Lynn Moos, So. Hondo Unit II 4H;  
Linda Nester, D'Hanis 4H; Tammy  
Rodgers, Castroville 4H; Patty  
Seals, So. Hondo Unit II 4H; Lisa  
Schweers, N. Hondo 4H; and  
Jeanne Weaver, E. Devine 4H.

Also, JUNIOR DIVISION: Bren-  
da Bippert, N. Hondo 4H; Jaime  
Davenport, LaCoste 4H; Donna  
Delavan, Castroville 4H; Rhonda  
Ehlinger, E. Devine 4H; Karen  
Frazier, E. Devine 4H; Vicky  
Gilliam, So. Hondo Unit I 4H;  
Laurie Hartley, Natalia 4H; Susan  
Key, E. Devine 4H; Debbie  
Lindeburg, So. Hondo Unit II 4H;  
Janet Mangold, Rio Medina 4H;  
Nancy Martin, So. Hondo Unit II  
4H; Michelle Outlaw, W. Devine  
4H; Renee Outlaw, W. Devine 4H;  
Gail Silvey, W. Devine 4H; April  
Trollinger, E. Devine 4H; Brenda  
Van Damme, E. Devine 4H;  
Cynthia Wells, E. Devine 4H; Dori

the Julius Aelvoet farm in Hondo.

A loose hay stacking machine  
will be demonstrated on the last  
stop. The hay stack can be moved  
by mechanical means to the  
livestock to be fed. A discussion on  
the economics of this method of  
harvesting hay will be conducted  
by Kenneth Graeber, Area Econo-  
mist in Uvalde.

Following the last stop a free  
barbecue, courtesy of the Hondo  
National Bank and Chapman Grain,  
Inc., will be held at Hondo City  
Park. The barbecue will be prepared  
by the Agriculture Committee of  
the Hondo Chamber of Commerce.

The person on the tour making  
the closest estimate of the grain  
sorghum variety yielding the  
highest will receive a \$25 gift  
certificate from E. R. Leinweber Co.  
in Hondo.

The person making the closest  
estimate of the highest yielding  
corn variety will receive a \$25 gift  
certificate from Keller and Keller  
Co. of Castroville.

All interested persons are invited  
to participate in the annual Medina  
County Crops Tour.

Extension Specialists will be  
present on the tour to assist in  
answering questions and to  
elaborate on various demonstra-  
tions.

ville.

## SPARKS

"Forge thy tongue on an anvil of truth, and what flies up,  
though it be but a spark, shall have weight." --Pindar

By Burnis K. Lawrence  
Publisher

### A SCHOOL

... is a school whether it's at Hondo High School, a leading  
university or a Reserve Forces school.

And that is exactly what I discovered the two weeks I attended  
one the past two weeks at Maxwell AFB, Alabama. There were  
classes from 8 a.m. until 4 or 4:30 p.m. each day, with movies that  
were optional during the lunch hour.

Needless to say, I enjoyed it immensely for it gave me an  
insight into the many areas around the world that have an impact  
on the security or everyday activity of our nation.

For instance, some of the subjects covered in the two weeks  
included: US National Security Policy, The Nixon Doctrine, The  
US Role in World Affairs, China, Soviet Union, Asia, Middle  
East, Western Europe, Identification and Effects of Abused  
Drugs, roles of the Air National Guard and Air Force Reserve,  
and many others.

Information in these classes was current and brought all of us  
up to date on world events. All in all, I would say it was  
extremely worthwhile two weeks for all who attended.

### WHILE IN ALABAMA

... I managed to get downtown to the State Capitol building.  
Or should I say Wallace's palace? Everywhere you look you see  
something about George Wallace, and the lady who received  
visitors at the Capitol was proud to give us the history of the  
Governor-and a little about Jefferson Davis who, as any true  
Southerner knows, was sworn in as President of the Confederacy  
on the steps of the Alabama Capitol, and his home is a shrine  
across the street from the Capitol.

In fact, in the spot where he stood on that fateful moment in  
history is now a star, and that is where each Alabama Governor  
stands to be sworn in.

The receptionist was telling us Governor Wallace is taking  
acupuncture treatments and "it's doing him a world of good."  
She said the last speech he gave to the Legislature, he stood up all  
through the speech. "This is the first time he could do that," she  
said with obvious pride in the Governor's progress. And we join  
her in the hope that he recovers completely.

### CLOSER TO HOME

... I want to say "thanks" to the fine people who make up the  
staff here at the Anvil Herald and the Anvil Office Equipment. I  
have been told by some in town that everything ran smoother  
while I was gone. Could very well be. But I do know they all did a  
fine job on the paper those two weeks and I am proud of them.

### MY OLD OUTFIT

... the 433rd Tactical Airlift Wing is in the Anvil Herald again  
this week. But this time in a different approach. In an  
advertisement to be found in the grocery section, the famed Alamo  
Wing is seeking persons who want to become part of the Air Force  
Reserve.

Read the message and take it from one who knows "it ain't a  
bad deal at all." All you need is just a spark of patriotism and a  
desire to earn some extra money. My advice to any young man is:  
"Try it, you'll like it."

### EVERYONE PLEASE NOTE

... the announcement that the Anvil Herald will come out one  
day early [as far as printing goes anyway] next week. Our news  
and advertising deadlines must be set up one day so that we can  
go to press on Tuesday instead of Wednesday. We certainly would  
appreciate your cooperation on this.

**CROSS SECTION OF AMERICA**--The artistic value of this picture, obviously, is nil. However, it illustrates the value Anvil Herald Publisher Burnis Lawrence found paramount while attending Reserve Forces Course in Maxwell AFB, Alabama from June 11-22--the value of meeting people from other areas of the country and exchanging views with them.

This was Seminar 15, only a small number of the 206 Reservists attending the school. And to show why we feel that meeting people is so valuable an experience, let's go through the picture with a listing of the varied backgrounds.

Beginning with the front row, left to right: Maj. Francis P. Schneider, Principal of Wright Elementary School in Cedar Rapids, Iowa; LTC Harry Karasov of Golden Valley, Minn., Personnel Director for the Animal Health Commission of the U.S. Department of Agriculture in Minneapolis; Maj. Tom Ringley, Seminar Instructor at Maxwell AFB and formerly of Wyoming; Maj. Gordon E. Mortensen, Principal of Maplewood Junior High School, Menasha, Wisconsin; Maj. Jack B. Arlen, Jr., Band Director at Galion High School, Galion, Ohio.

Second row: Capt. Robert L. Bailey, of Homewood, Illinois and Professor of Business Administration, Governor's State University, Park Forest South, Illinois; Maj. Delbert H. Hall, Sr., of Richmond, Virginia and Personnel Director of the 192d Cmbt Spt Sq, Byrd Field, Sanderson, Virginia; Maj. Arne T. Moe, a farmer and rancher at Buffalo, Minn.; Maj. William E. Bradkin, of Carmichael, California and Instructor of Engineering at American River College in Sacramento, California; Maj. Francis B. Brown, Commissioner of Public Safety in Providence, Rhode Island; Capt. Kenneth G. King, Base Engineer for the 155th Civ Engineer Flight, Lincoln, Nebraska; and LTC Robert D. McFrye, Superintendent of Schools in Lebanon, Indiana.

During the nine days at the school Reservists attended 39 lectures, five panels, 11 seminars, one field trip and 9 movies.

**Here in Hondo**

Hanis 4H; Elizabeth Shults, E. Devine 4H; Virginia Sparling, Castroville 4H; Deborah Stolzman, E. Devine 4H.

Also, SENIORS - Sarah Luker, LaCoste 4H; Michelle Sillman, So. Hondo Unit II 4H; Donna Weaver, E. Devine 4H; and Clara Zinsmeyer, LaCoste 4H.

A birthday party Sunday, June 24, honored Homer Tomerlin, Sr. Present were the families of his sons, Mr. and Mrs. Homer Tomerlin, Jr. of Kerrville, and Mr. and Mrs. Lonnie Tomerlin and family of Corpus Christi. Also, Mr. and Mrs. Charles Tomerlin and family of San Antonio.

**Tax check is higher**

Business keeps getting better in Hondo. Or at least that's the indication given by the latest sales tax check received by the City of Hondo in the amount of \$16,000.77.

This check covered the first quarter of 1973, January-February-March, and was some \$1300 more than the check covering the same period in 1972.

The first quarter 1973 check also almost reached the total for the last quarter of 1972, which was \$16,877.13.

**LEGAL NOTICES**

Cont'd. From p. 7

**NOTICE TO BIDDERS**

**SEALED BIDS OR PROPOSALS** addressed to the President of the Board of Trustees of Devine Independent School District will be received in the office of the Superintendent of the District, mailing address Drawer I, Devine, Texas

78016, until 8 o'clock p.m. on the 9th day of July, 1973, and then on that day and at that time will be publicly opened and considered by the Board of Trustees of Devine Independent School District; such sealed bids or proposals to be received being for all materials, equipment, and labor for constructing permanent improvements to the Vocational Agricultural Building of the district and for the construction of an Athletic Field House for the district. Said sealed bids or proposals shall be for work done in accord-

ance with plans and specifications on file in the Administrative office of the district located at 901 Atkins, Devine, Texas.

A "bid guarantee" in an amount of not less than five percent (5%) of the bid price consisting of a firm commitment, such as a bid bond, certified check or other negotiable instrument, payable to the Devine Independent School District must accompany each bid or proposal as assurance that the bidder will, upon acceptance of his bid, promptly enter into a contract and execute Owner's Protective Bonds (Performance and Payment Bonds) in amounts not less than one hundred percent (100%) of the contract price.

Each successful bidder will be required to comply with Article 5159a, Revised Civil Statutes of Texas, 1925, known as the "Prevailing Wage Law" providing for the payment of the minimum wage scale for work of similar character in the locality in which the work is to be performed.

This notice is given pursuant to an order of the Board of Trustees of Devine Independent School District passed, adopted and approved on the 18 day of June, 1973.

# Services held for Mrs. Olive Crow

Mrs. Olive Melissa Crow, age ninety-nine years, eleven months and two days, died Tuesday, June 19, 1973 at Brown's Nursing Center in Hondo. She was a pioneer of Medina County. Born July 17, 1873 in the Black Creek settlement in Medina County, she was a lifelong resident of the County, living in Hondo for ninety years. She is survived by two sons-Origen G. Crow and James B. Crow, both of Hondo. A daughter, Mrs. Meda O'Connell of San Antonio, also survives. Other survivors include grandson, Arthur James O'Connell, and granddaughters Mrs. Edith Dees and Mrs. Mary Alice Barrow, all of San Antonio; and seven great-grandchildren. Mrs. Crow is preceded

in death by her parents, Origen H. Getter and Eleanor Brown; and her husband, James W. Crow, who died April 8, 1959. Mrs. Crow was a member of the First United Methodist Church of Hondo, and was that church's oldest member. In earlier years, she was an organist and Sunday School teacher. She was a member of the Women's Society of Christian Service and a Jewel member of the Morning Circle. Funeral services were held June 20 at Guinn-Horger Funeral Chapel, with Rev. Homer Weimer, pastor of the First United Methodist Church of Hondo, officiating. Interment was in the Ingleside Cemetery in Hondo. Pallbearers were Darwin Schrader, Everett Abbott, Franklin Wiemers, Glenn Bragg, Alvin Wiemers and Larry Oefinger. Funeral arrangements were by Guinn-Horger Funeral Home, Hondo.

## FFA NEWS

There will be a meeting of the Hondo FFA Chapter Monday night, July 2, at 8:30 p.m. in the Vo-Ag Building.

One topic to be discussed is the State FFA Convention. At present more than 20 Hondo FFA members plan to attend the State Convention in Fort Worth July 11-13.

The group will travel to Ft. Worth by school bus and they will stay in the Sheraton-Fort Worth Hotel.

There will be 18 Hondo FFA boys awarded the State Farmer Degree during the State Convention program.

Area VII FFA Vice President Larry McWilliams will give a report on Area FFA meeting which he attended June 21 at SWTSU in San Marcos.

Final plans are to be made for the State Convention trip. All FFA boys who plan to go to Ft. Worth are urged to attend the July 2 meeting.

Mr. and Mrs. Michael Koch

Two attend Girls State representatives and senators held sessions in their respective houses.

"We had a great time," Dottie said. "But the knowledge we acquired about our government exceeds all the fun. Never could we (and she is including Rhonda in these statements) have learned as much in a civics class at school because we were able to experience the actual process of government. And we thank the American Legion Auxiliary for this experience."

Dottie Woolls, daughter of Mr. and Mrs. Newell Woolls, and Rhonda Hare, daughter of Mr. and Mrs. Bill Hare, were sponsored at the annual event by the Hondo American Legion Auxiliary.

"We learned about city, county and state governments by organizing them from the ground up," Dottie said Monday. "We elected all the officials and then organized."

One day was spent in Austin at the State Capitol where the girls

## Miss Dry weds Michael Koch

Miss Carmen Marie Dry, daughter of Mr. and Mrs. Paul G. Dry, became the bride of Michael Koch, son of Mr. and Mrs. Hilmar J. Koch of D'Hanis, in a candlelight double ring ceremony on Saturday, June 2, 1973, in the First Baptist Church in Bandera.

Officiating was Elder Preston Wheeler of the Re-Organized Church of Jesus Christ of Latter Day Saints.

The marriage was blessed by Rev. Victor Schmidtinsky of D'Hanis.

Bridal attendants were Martha Villareal, matron of honor; Debbie Stricker, maid of honor; Mrs. Euna Mae Wagner, Margaret Koch and Diana Hall were bridesmaids. Stephanie Pichot was flower girl.

Best man was Louis Rothe. Groomsmen were Tony Koch, Chuck Burrell, Ray Bendele and Eugene E. Dry. Ushers were James Wagner, Steve Koch, and ringbearer was Kenneth Allen Dry.

The beautiful nuptial music for the service was presented by Rose Mary

Dobry, organist, and Linda Holder and Steven Callaway.

The beautifully appointed reception was served by Mrs. Warren Wheeler and Mrs. Ella Callaway and a large number of dear friends of the bride and groom.

After a honeymoon in Colorado the newlyweds are at home in D'Hanis.

### FHA holds workshop

The Hondo Chapter of Future Homemakers of America got off to an early start this year by holding a two-day officer workshop in the Home-making Department on the 12th and 13th of June.

Officers attending were Mariette Aelvoet, Jeanette Aelvoet, Gail Lutz, Linda Mazurek, Kay Martin, Donna Schueling, Anna Renken, Sandy Rogers and Chapter Advisors Mrs. Jones and Mrs. Walker.

Those unable to attend were Kay Schulte, Jan Nixon and Diane Mumme.

At the meetings each officer was given the duties of the office to which they were elected. Main purpose of the workshop was to familiarize the officers with their responsibilities.

Another meeting will be held in August to plan the programs for the coming school year.

Sandy Rogers, Public Relations Chmn.

### Miss Snively to compete in Miss S. Texas Pageant

Miss Allyce M. Snively of Castroville—better known as "Miss Medina Valley of 1973"—has been invited to enter the "Miss South Texas" pageant to be held in Seguin in early July.

The daughter of Major and Mrs. Ralph A. Snively of Castroville, Allyce will bring her beauty and dancing talent to the contest, which highlights Seguin's Fourth of July Celebration, this year set to run Monday through Wednesday, July 2-4.

Allyce is five feet, eight

inches tall with brown eyes, brown hair, and an olive complexion.

Her vital statistics include 146 pounds contoured over a 36-26-36 figure.

Allyce will perform a variety number during the important talent portion of the pageant.

Variety should be easy—she has taken special training in ballet, as well as tap, toe and Spanish dancing. Allyce also has studied the guitar and taken voice lessons.

Active in sports and civic activities, Allyce serves as Feature Editor of the Medina Valley school paper. In addition, she is a member of the Alamo Trail Club.

**FHA WORKSHOP**—Attending a two-day officer workshop for Future Homemakers of America are (l-r): Jeanette Aelvoet, Linda Mazurek, Mariette Aelvoet, Sandy Rogers, Anna Renken, Donna Schueling, Gail Lutz and Kay Martin.

**OBSERVE GOLDEN ANNIVERSARY**—Mr. and Mrs. J. P. Ephraim of D'Hanis celebrated their 50th wedding anniversary Tuesday.

Mr. Ephraim, who is President of the D'Hanis State Bank, has served in that capacity since prior to 1920. He met Mrs. Ephraim while she was a schoolteacher in D'Hanis, and they were married in 1923.

Last weekend, the Ephraims were entertained by their son, John Paul Ephraim, with a dinner at the Southern Kitchen in Dallas.

"This is the third celebration like this that I've been to," observed Mr. Ephraim at the party. "My grandfather and grandmother celebrated their 50th Anniversary when I was little, and later my father and mother celebrated theirs, too."

—Vicky Gilliam

### Many attend Leinweber reunion

The ninth annual family reunion of August and Katie Stiegler Leinweber was held at the Hondo City Park on June 17. One hundred, twenty-five persons were in attendance.

This included nine family groups out of a possible eleven and several guests.

Guests of Mr. and Mrs. Walter Saathoff and of the reunion were Mrs. Fern Lindaur and Mr. and Mrs. J. E. Barker and Gib from Indiana.

Pastor Hannemann asked the blessing after which everyone enjoyed the delicious barbecue dinner. The barbecue was prepared by George Louis Brucks, Rusty Masters and Buddy Jones.

Oldest person present was August Leinweber,

age 84 years, and the youngest person present was Jennifer Suzanne Herring, age 4½ months, daughter of Mr. and Mrs. Richard Herring. Jennifer is the granddaughter of the Herbert Moehring and great-granddaughter of the Eddie Moehring.

Mr. and Mrs. Jim Menke had the "Leinweber Family Tree" present on which they have worked hard to trace the family back to the early 1700's in Holzhausen, Germany.

The reunion will be held again in June, 1974.

### Nixon-Wilson descendants meet

The Nixon-Wilson family reunion was held at Hondo City Park June 16. There were more than 80 registered guests present.

The Wilson family moved to Medina County in the 1860's from Collins County. The Nixon family moved here in the 1870's from Guadalupe County.

At that time, Castroville was the only trading center in this area.

The descendants of the Sid Wilson family, the Garrett Wilson family, the John P. Nixon family, and the Dr. J. W. Nixon family were present for the reunion.

The southern portion of Medina County, where Yancey is now, was where these families were engaged in the raising of cattle, horses and farm crops.

Today, a century later, a number of Wilson and Nixon descendants are engaged in ranching in the Yancey community.

Many changes in production and marketing have taken place in that period of time, but husbandry of the soil livestock continues to be profitable to these ranchers.

### Campfire News

The annual summer camp of the Camp Fire Girls of Hondo will be held from July 29 through August 3.

Directing the camp this summer will be Jo Ann Heiligman of Yancey.

Miss Heiligman directed the camp on two other occasions, although not last year.

Medical forms and camp applications will be going out this week to girls wishing to attend the session, to be held at Camp Mary Louise.

### BIRTHS

Mr. and Mrs. James Finger of Duncanville, Texas announce the arrival of a daughter, Shelley Ann, born May 30, 1973 at Methodist Hospital, Dallas. She weighed eight pounds, six ounces.

She is welcomed by brothers, Jay and Ken.

Grandparents are Mr. and Mrs. August Dorsch of Dallas, Mrs. Bernice Finger of D'Hanis and great-grandmother is Mrs. Reily Carle of D'Hanis.

Katherine Leigh Robertson, daughter of Mr. and Mrs. Bill Robertson of Euless, Texas, arrived at 5:30 p.m. June 20, 1973 at Baylor Hospital in Dallas. She weighed seven pounds and five ounces.

Katherine is the granddaughter of Mrs. N. P. Pope of Hondo.

## All she wrote

by Edna McDade

After what seemed threatening to become a mini-drouth in Nueces County, comes now what might be called a mini-deluge -- or maxi, if the rains continue.

This area must be working toward contributing its quota of the total 4 million tons of sodium chloride, 2.5 million tons of sodium sulphate and 36 million tons of calcium compounds that the annual rainfall in the U.S. is reported to bring with it.

In New York, the Philharmonic Orchestra has initiated a series of "rug concerts", planned to offer serious music at "floor level" with audiences sprawled on the floor in come-as-you-are dress. Seems to be finding an eager reception, too.

Here, we are settling for monthly civic concerts under the stars, at the T-head along the bay. I attended one last week and the program included Sousa, Gershwin, a bit of oompah, enough blare and blast to suit the young with-its, and a touch of get-along-little-doggy harmony. The audience supplied their own folding chairs, relaxed in the soft breeze, watched the sail boats gliding by, and tried to keep out of target range when the often too-friendly pelicans darted by overhead.

If Congress and the USDA's Boll Weevil Research Laboratory have their way, the love life of the weevils which cause so many evils to the nation's cotton crop, is doomed to frustration.

The National Cotton Council estimates that, by ruining and consuming so much cotton, and by the expense necessary for suppression treatments, the little [3/4-inch] pests cause an annual loss of \$275 million to the cotton industry.

Now the boll weevils will find themselves in sympathy with Texas screwworms, some courting time.

For the first time in all my not-observant-enough years, I have witnessed the miracle of a moonflower bud bursting into sudden bloom.

Vines ramble along our patio fence, stretching tendrils to reach the overhanging roof. One evening I noticed that some of the clustered buds seemed to be stretching every so slowly. I watched intently and was rewarded when several exploded, all at once, to reveal the delicate pale green star that centers the chiffon-like white circular petals of the flower itself.

Along with the heavens, moonflowers must surely "declare the glory of God."

Wonder if the 17-year cicadas [pronounced sih-KAY-duh, by some authority] have reached Hondo?

They have been reported in Illinois [probably pronounced ill-noise by now] but, if the Texas coast is on their itinerary, I haven't heard a buz-z-z-z so far.

Having read, in the AH recent new car registrations, that one was issued to a Port Aransas woman, I deduced [my dear Watson] that, although the PA folks might not like it, the Hondo dealer must be giving most-for-the-money service, just as promised in the ads.

This year, along about football season, the TOM [Hasey] HOLLMIGS and their two young daughters, can boast of living in a home built 50 years ago. It was on Oct. 28, 1923, that "the new, elegant Lutheran parsonage was dedicated by the Rev. George F. Grueber, pastor." [I read all about it in the Anvil Herald of that week.]

And I remember how pleased and excited the present owners were when the building was being moved to their ranch and the fun [AND work] they shared in the remodeling process. Truly, "Home-keeping hearts are happiest."

If you are among those beauty shop patrons whose hair is turning [or has turned] "prematurely" gray, be of good cheer. A solution to the problem might be on the way, giddyap, hurry up!

Up in cold country [Tromso, Norway] scientists are making studies of the Arctic ptarmigan to try to find out why humans get gray-headed. [Tell us more.]

The birds seem to have a hormonal factor responsible for turning their feathers from white to brown. If the physiologists can discover how-come, gals who let gray hair give cause for alarm will have it made.

Might even take to eating ptarmigan ptacos if necessary!

The rock musical "Godspell" is still making the press. Reaction from some of the Younger Set among recent audiences included such letters as:

"This is the only play I have ever seen in my whole life and I think it is the greatest" . . . "If you ever need an audience just for practice, I'll be glad to be one for you" . . . "P.S. Say hi to Jesus for me."

## Judith Trevino, Al Rath wed

Judith Ann Trevino, daughter of Mr. and Mrs. Julius Trevino of 111 Tropical Dr., Victoria, and Alfred Matt Rath, Jr., son of Mrs. Alfred M. Rath, Sr. and the late Mr. Rath of 1301 20th St., Hondo, were married in a double-ring ceremony on June 23, 1973.

The ceremony took place in Our Lady of Victory Catholic Church, Victoria, at 5:30 p.m. Reverend Vincent Patrizi of Corpus Christi officiated.

Traditional wedding music was provided by organist Mrs. Evelyn Boon of Hondo and soloist Henry Martin Finger, uncle of the groom. He sang "Ave Maria", "Panus Angelicus", and "The Lord's Prayer".

The bride's father, Julius Trevino, gave her in marriage. She wore a designer gown from Priscilla of Boston, of imported candlelight silkened organza fashioned in an Empire bodice and sleeves of English net. Appliques of reembrodered Alencon lace extended down the tapered flounce cuffed sleeves and the front of the molded skirt. The wrist of the sleeves were trimmed with a silk band and accented with seeded pearls. The gracefully wide chapel train fell freely from the high Empire back.

A tiara headpiece carried an oval candlelight Mantilla veil of imported silk illusion net, bordered with Alencon lace appliques. The veil covered the full length of the train of the gown. Her jewelry consisted of a diamond cross, a gift of the groom. She carried a double-white bouquet of orchid with yellow centers, combined with stephanotis and baby's breath entwined with English ivy.

Maid of honor was Miss Ellen Kennedy of San Antonio. Bridesmaids included Mrs. Richard Thompson, Mrs. Sam Wrightsman, Miss Judy Patton and Miss Teresa Guerra, all of San Antonio.

The attendants wore gowns of yellow filmy rose-printed floral organza with high-rise waistline and delicately ruffled Bertha collar. The A-line skirt with a deep ruffle at the hemline was highlighted at the waist with a wide sash of yellow organza extending over the skirt. They carried yellow glamilia with ivy backing.

Serving as best man

was David McGraw of Hondo, brother-in-law of the groom. Groomsmen included Ron Trevino, brother of the bride; Chuck Christopher, nephew of the groom; Robert Zuberbueler of Hondo and Patrick Vance of San Antonio.

Ushers were Danny Kruse, cousin of the bride, of Victoria; Michael Christopher and David Christopher, nephews of the groom of Hondo; and William Ray Freeman of Hondo.

A reception was held at the Holiday Inn following the wedding. Attending the bride's book was Miss Blanche DeLeon, cousin of the bride; and Mrs. Jeffery Parks of Houston, niece of the groom.

Following the reception, the newly-married couple departed for a wedding trip to Puerto Vallarta and Guadalajara, Mexico. For the trip, the bride wore yellow checked knit slacks with a white sleeveless knit top and yellow jacket. She wore white and gold accessories and an orchid corsage.

When they return from the honeymoon, the couple will make their home at 1422 Northeast Loop 410 in San Antonio.

A rehearsal dinner was hosted by Mrs. Alfred Rath at Totah's Restaurant on Friday, June 22.

The bride is a 1965 graduate of Nazareth Academy and received her Bachelor of Arts degree in Education from Incarnate Word College in 1969. In 1972, she earned her Master of Arts degree from Our Lady of the Lake College in San Antonio. A member of the San Antonio Cotillion, she is employed as a counselor in the Northeast Northside Independent School District in San Antonio.

The groom is a 1964 graduate of Hondo High School. He attended Southwest Texas Junior College in Uvalde and graduated in 1970 with a Bachelor of Arts degree in Economics from St. Mary's University in San Antonio.

He is employed as a coach at Schertz-Cibola-Universal City Independent School District.

### Here in Hondo

Mrs. M. J. Loring returned home Tuesday, June 19, after spending the weekend in Georgetown with friends and relatives.

Mrs. Alfred Matt Rath, Jr.

### Engagement announced

Mr. and Mrs. Joe Embrey announce the engagement and approaching marriage of their niece, Crickett (Hazel) Schweers, to James Edward Henson, son of Mr. and Mrs. Harold V. Henson of Plainview.

Miss Schweers is a graduate of Hondo High School and will attend college in the fall.

Mr. Henson is a graduate of Richfield High School in Waco and also a graduate of Texas State Technological Institute. He is currently serving in the U.S. Air Force, stationed at Randolph Air Force Base.

An August 4 wedding at the First Baptist Church

### Sgt. Pike, Miss Rexroad married

Tech Sgt. Robert (Pete) Pike and Miss Carolyn Jean Rexroad were married Saturday, June 16, at the Church of Christ in Hondo.

Reverend Frank Perk-

ins, pastor of the Hondo Church of Christ, performed the ceremony.

Present at the wedding were the families of both the bride and groom with other out-of-town guests.

### Marriage announced

Mr. and Mrs. Jay E. Muennink announce the marriage of their daughter, Beverly, to Danny Brown of Wichita Falls on June 9, 1973.

The ceremony was performed by the Rev. L. S. Dubberly in the home of Mr. and Mrs. Clyde Jackson.

### Baby shower fetes mother of twins

A baby shower was held in the home of Mrs. W. S. Porter for Ruth and Rachael Steubing, twin daughters of Laura Steubing. Fifteen guests were served sandwiches and ice cream sodas.

Hostesses included Mary Ruth Cameron, Wendy Carr, Georgia Ruth Landers, Lottie Porter, Lillian Porter, Connie Saathoff and Susan Zuberbueler.

## Summer Recreation Program enters third week

The Hondo Summer Recreation Program is in its third week with approximately 184 young people participating in its activities.

Among the favorite activities are games of the children are box hockey, ping pong, basketball, washers, horse shoes, badminton and softball.

Last week's winners of the Badminton Tournament were: BOYS, 7-9 years--1st Ray Don Tilley, 2nd Glenn Schweers, 3rd Allan Witte. 10-12 years--1st Tony Alvarez, 2nd Tommy Graff, 3rd Charlie Arcos. 13-16 years--1st

David Rangel, 2nd Wayne Cox, 3rd Eddie Arcos.

GIRLS, 8-10 years--1st Iris Garcia, 2nd Rachel Palomo, 3rd Lisa Schweers. 11-13 years--1st Debbie Marquis, 2nd Alice Martinez, 3rd Cathy Schueling.

In the arts and crafts class, participants made dish sets consisting of a pencil holder, letter box and a painted rock paper weight.

The recreation program starts each weekday morning at 8 and lasts until 11:30 a.m.

A THREE-POUND BALL OF SNAKE--That's what Lloyd Hardt found while driving on a dirt road north of the Airbase, where the Hondo Livestock Auction leases some land from the City. The knotted-up pair never moved, but it was obvious that the dark-colored snake [later identified by SCS biologist Jerry Turrentine as a Sonora King snake, Lampropeltis getulus splendida] had already swallowed most of the head of the rattlesnake. The Sonora King, by the way, is rare for this area. A member of the constrictor snakes, it kills by squeezing its opponent to death. It is immune to the venom of a rattler, too.

A THREE-POUND BALL OF SNAKE--That's what Lloyd Hardt found while driving on a dirt road north of the Airbase, where the Hondo Livestock Auction leases some land from the City. The knotted-up pair never moved, but it was obvious that the dark-colored snake [later identified by SCS biologist Jerry Turrentine as a Sonora King snake, Lampropeltis getulus splendida] had already swallowed most of the head of the rattlesnake. The Sonora King, by the way, is rare for this area. A member of the constrictor snakes, it kills by squeezing its opponent to death. It is immune to the venom of a rattler, too.

## All-Star match-ups given

Hondo-D'Hanis Little League and Senior League All-Star opponents have been determined for the playoff series to begin next month.

On Tuesday, July 17, the Little League playoff will pit Hondo and

Bandera at the Hondo ballfield. The winner of that game will face the winner of the Kerrville-Junction game, and so on through four games of the single-elimination tournament.

A total of 17 teams will

be vying for the District 21 Championship, representing an area from Charlotte and Pleasanton north to Junction, west to Del Rio and Eagle Pass.

Playoff games are set for July 17, 20, 24, and 27. For the Senior League, only four teams will play for the District title, but theirs will be a double-elimination tourney.

Hondo will be at Devine for the opening round of this playoff, on Monday, July 9, with Pleasanton and Carrizo-Crystal City also playing a game that evening.

A District Champion could gain the title in as few as three games or as many as five, depending on the win-loss record from the opening game.

Playoff games will be held on July 9, 10, 12, 13 and 14 if necessary.

## Eagles, Cards to meet Sun.

The Hondo Eagles will host the D'Hanis Cardinals Sunday at the Hondo Senior League Ball park.

The Hill Country League game is set to begin at 3 p.m. It will be the second and final meeting of the two old rivals this season.

D'Hanis won the opening game by an 8-4 score.

## Flotation devices to be required

Austin -- As of Oct. 1, 1973, recreational boatmen will be required to comply with new personal flotation device (PFD) regulations, according to Texas Parks and Wildlife Department officials.

PFDs are classified into one of five performance types, and certain types are acceptable on boats of specified sizes.

On recreational boats 16 feet and longer, there must be a Coast Guard approved wearable device for each person aboard the

boat. In addition, one throwable device (such as a buoyant cushion or ring buoy) must be carried on the boat.

On boats under 16 feet in length, and all canoes and kayaks, the familiar buoyant cushion will continue to be acceptable equipment as long as there is one cushion per person on board the boat.

However, officials recommend the use of a wearable personal flotation device even on these smaller boats.

## Hondoans enter Comal rodeo

Added prizes and events are attracting the type contestants that promise to make the Comal County Youth Rodeo the most exciting in twelve years. The 13th Annual Youth Rodeo will take place at the County Fairgrounds in New Braunfels, Thursday through Saturday, June 28-30.

According to Rodeo Chairman, Gus Reimann, Jr., those in attendance will be competing for 214

prizes as compared to only 91 last year. Reimann noted that New Braunfels is a very popular resort city and therefore the event always attracts a large number of entries as well as spectators.

Don Wilson and Paula Moos of Hondo will compete in the rodeo. Sanctioned by the Texas Youth Rodeo Association, the event attracts participants from all over the state.

## D'Hanis Lions hold Ladies Night, install new officer slate

In a Monday "Ladies Night" banquet, the D'Hanis Lions Club installed a new slate of officers to serve the 1973-74 year.

Outgoing President Chris Finger served as master of ceremonies for the program, which included an address by Teairl Lewis, a San Antonio attorney and a member of the San Antonio Downtown Lions Club. He has held district offices within Lions International.

Entertainment for the

Lions and their wives was provided by songs from Sherry Tondre, daughter of Mr. and Mrs. Charles Tondre of Hondo.

Among the officers sworn in were new president, Hilmar Koch; Vice Presidents Ray Wolf, Charles Hood and John Ney; Treasurer Howard Rothe, replacing outgoing Lawrence Rothe; Secretary Joe Fohn, replacing Wayne Cheney; Tail Twister Rothe Carle, who

will replace George Gooding; Lion Tamer Rick Rohrbach, replacing Jesse Arcos, and new Board members Wayne Cheney and Jack Zinsmeyer.

Service pins were passed out to all members who have reached milestone periods of perfect attendance. Two members were presented pins for the longest period, 16 years--these pins went to Jack Zinsmeyer and David Zinsmeyer.

## Susan Hermann graduates

Mrs. Dennis (Susan Rothe) Hermann received her B.S. degree in Nursing from the University of Texas Nursing School in San Antonio recently.

Those attending the graduation ceremonies at the UT Medical School Auditorium included Dennis Hermann, Mr. and Mrs. Dan Hermann, Betsy and Arlene, Mrs. Eric

Rothe, Mrs. Erwin Lutz, Mr. and Mrs. Joe W. Rothe, Peggy and Mike, Ellen Rothe and Cora Rothe.

After 16 weeks of clinical training, she will receive her Registered Nurse's Pin.

Mrs. Hermann is the daughter of Mr. and Mrs. Joe W. Rothe.

On July 6th, we'd like to show area farmers our "Pioneer Crop Display Field" in this area. All interested farmers are invited to attend this Field Day for a guided tour and Bar-b-que meal at noon, at the Hondo City Park. Tours will be conducted by one of Pioneer's sorghum breeders from the Research Station at Taft. They have some exciting new "downy mildew" and "anthracnose" resistant hybrids to show you. Several of these hybrids have golden yellow endosperm and have disease resistance with medium maturity and good yield. We think you'll like what you see.

Get the date on your calendar and plan now to attend.

**Please call or write CHAPMAN GRAIN, INC. Hondo, Tex. before July 2nd for reservations. 512-426-3324, or come by the office.**

**TOUR WILL LEAVE FROM THE HONDO CITY PARK AT 10 O'clock on July 6th, 1973. DON'T FORGET - MAKE A RESERVATION BEFORE JULY 2**

## More grass yields more beef

There's a lot more beef in your favorite grocery store because of improved grasses planted by Texas conservation farmers and ranchers.

In fact, an extra 335 million pounds of beef is produced in Texas every year from grasses released by the USDA Soil Conservation Service.

Edward E. Thomas of Temple, state conservationist for SCS, said the figures came from a recent study conducted by his office.

"Our survey revealed that in the last 20 years, 5.9 million acres of land has been planted to new grasses released by SCS," Thomas said. "Statewide, increased beef production is averaging 56 pounds per acre per year from these grasses. And the average climbs every year."

Thomas admitted that he didn't know how much this affected the price of beef for the housewife.

"But take away that 335 million pounds of beef every year and prices would have only one way to go -- up," he stressed.

In the past 25 years annual beef consumption has jumped from about 64 pounds per person to 113 pounds. Meanwhile, our state's population has increased by more than 50 percent. That adds to a gigantic increase in the demand for beef.

Without improved grasses and better conservation treatment of grassland, this demand would outstrip available supplies.

Thomas said 23 grasses released by SCS are being grown in Texas. Each has its own area of adaptability and is used to fill a specific conservation need.

Two grasses account for a major share of the acreage planted. Buffelgrass, released by SCS in 1949, has been planted on 1.8 million acres of land in Texas; increased beef production from this grass averages 74 million pounds annually.

King Ranch bluestem, released in 1941, is growing on about one million acres. Other widely planted grasses include

Pensacola bahiagrass, El Reno sideoats grama, and weeping lovegrass.

To illustrate how quickly some new grasses become popular with livestock producers, Thomas told of the success of Selection 75 kleingrass.

"We released this grass to commercial seed growers, in cooperation with the Texas Agricultural Experiment Station in 1969," Thomas said. "In spite of the fact that seed are expensive and scarce, 132,000 acres have already been established."

And even though much of this land has not been grazed as yet, increased beef production from this one grass amounted to 11 million pounds last year.

In addition to the increased beef production, the survey revealed that the new grasses have increased mutton production by more than 1.1 million pounds. Smaller increases were noted for milk, mohair, wool, and goats.

Increased beef production is only one benefit from improved grasses. Others include erosion control, reduced sediment damage to lakes and streams, fewer dust storms, and more abundant wildlife.

Thomas said several other factors also contribute to increased beef production from Texas grasslands, such as better livestock, improved grassland management, irrigation, and increased use of fertilizer.

"Yet, it's hard to grow more beef without having more blades of better grass," Thomas said.

The goal of SCS plant materials work is to find new strains of plants that will solve specific conservation problems. Since livestock and wildlife co-exist on the same land, the search extends to grasses, legumes, forbs, and shrubs which have dual values for both wildlife and livestock. Such plants are needed for use in range seeding mixtures, travel lanes, or wildlife border plantings.

Strains of plants thought to have value for

solving a conservation problem are grown and evaluated at the SCS plant materials center near Knox City. After careful selection, promising strains are field tested on farms of soil and water conservation district cooperators under a wide variety of conditions. Selections that prove superior to other plants available commercially are then released to seed growers. These producers then grow seed and sell it to the public.

Some of the groups who cooperate with SCS in this work include Agricultural Research Service, Texas Agricultural Experiment Station, Texas A&M University, Texas Tech University, Prairie View A&M, Abilene Christian College, U.S. Air Force, U.S. Corps of Engineers, Texas Parks and Wildlife Department, and the State's 193 Soil and Water Conservation Districts.

Next time you go grocery shopping, think how bare the shelves would be without that extra 335 million pounds of beef.

**DIANE AND LINDA HOWARD**—were the Medina County and State winners in the Beef Cattle Jr. Symposium Contest at State 4-H Roundup June 6. Winning against 33 competitors, they are shown here with J. T. White, contest donor. They are the daughters of Mr. and Mrs. Jerry Howard of Devine.

## Brown's Nursing Home News

H. L. Pichot of Baytown visited his parents, Mr. and Mrs. Willie Pichot, Wednesday.

Mr. and Mrs. William J. Rudinger of San Antonio visited the following Wednesday: Mrs. Regina Mueller, Mrs. Selma Rothe and Mr. August Saathoff.

Airman Robert L. Evans of Lackland AFB visited his grandmother, Mrs. Emma Love, this week.

Mr. and Mrs. L. G. Evans of Devine visited Mrs. Emma Love Sunday. Also calling on their grandmother were Clifford, Susan, Linda, Agnes and Betty Evans.

Visitors of Mrs. Regina Burell were her children, Mr. and Mrs. Milton Bendele, of Castroville and

Red Burell.

Mr. and Mrs. Fredie A. Huegele visited their sister, Mrs. Fritz DeGroot.

Miss Mary and Sherrie Snyder visited their aunt, Mrs. Bertha Thomas, Saturday.

Mrs. Georgia Hartman and sons, Edward and John of Jacksboro, visited their grandfather and great-grandfather, Mr. Louis Rucker, on Saturday.

We failed to mention a visit last week by the St. Johns CYO. They sang and the patients surely did enjoy it.

Sunday, June 24, the Yancey Baptist Church visited and held services. The residents were so glad to have them come.

## Treat trees for webworms

Austin -- The webworm has returned for its annual picnic in home owners' pecan trees, confronting owners with the threat of its unsightly silk webbing and foliage destruction.

"If pecan tree owners want to have a productive yield, now is the time to act," Agriculture Commissioner John C. White advised.

The web could stay indefinitely if not burned off or the branch cut off. While the webworm is not feeding on the leaves of the tree, the webbing it spins acts as its home. "It can completely defoliate a tree if not kept under control," Commissioner White stated.

Some successful insecticides can be used to combat this pest. They are lindane, toxaphene, chlordane, and sevin. Directions for use of these insecticides are printed on the product label.

"It is vital that home owners use the insecticides in the quantity specified because misuse could be

dangerous to other wildlife," Commissioner White warned.

"The Federal Environmental Pesticides Act of 1972 set out firm rules on how they are to be applied in pest control. It's a matter of federal law this year," Commissioner White added.

During its life cycle, the webworm goes through four definite stages of development with each cycle lasting approximately 45 days.

The adult fall webworm, deposits its eggs on the underside of the leaf in clusters of 500-900 which hatch in seven days. The larval stage is the destructive stage of the webworm's existence. The larva feeds for three to four weeks on the leaves, which supply nutrients to the pecan.

Other deciduous trees also fall under the webworms' attack, such as the cottonwood, mulberry, sweet gum, and the Arizona ash.

## Social Security questions & answers

**QUESTION:** I'm debating whether to retire soon or wait until next year when I'm 65. If I retire early, I understand I'll get smaller payments. How can I find out how much I'll get whenever I retire?

**ANSWER:** You should call, write, or visit any social security office. They can give you a pamphlet that explains how to estimate the amount of your monthly payment.

**QUESTION:** I'm going to work until I reach 65 a few months from now. Can I apply for social security now, or do I have to wait until I stop working?

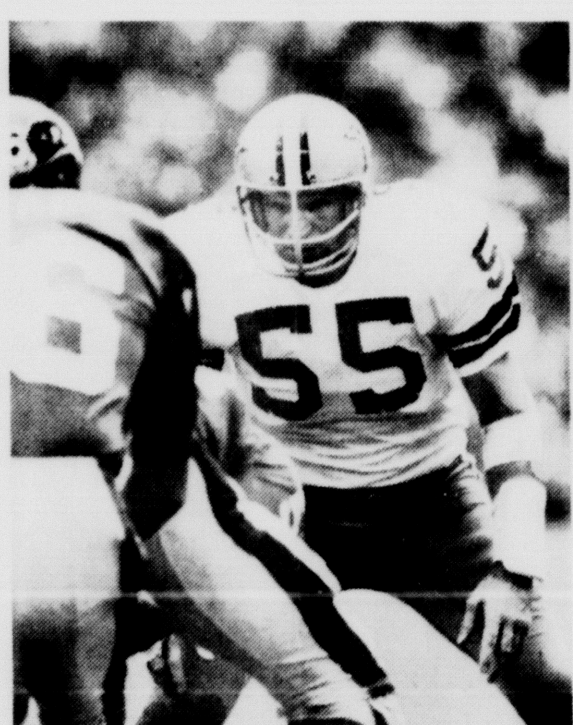

**ANSWER:** You should

apply now at any social security office. You can apply while you're still working. Applying about three months before you retire will help assure that your first monthly check arrives on time.

**QUESTION:** I'm a self-employed housepainter and I plan to stop working completely when I'm 62 next March. When should I apply for social security payments?

**ANSWER:** You should file for monthly retirement payments two or three months before the month you retire to make sure your payments start the first month you're retired.

## D'Hanis News

by Mary Belle Zerr

Delayed from 6-21

Louis Fohn and James Arthur Lutz returned to their San Antonio home after spending last week in the home of their grandparents, the Louis Lutzes. Mrs. Adam Weynand, Mrs. John Rieber, and Mr. and Mrs. Louis Lutz visited Mrs. Robert E. Haby at Rio Medina recently.

Mrs. John Tondre, Jr. of Victoria visited Mrs. O. W. Tondre and other relatives last Friday.

Mr. and Mrs. Lawrence Carle, Terry and Mike spent several days in Houston last week where they visited the Pat Neys. One day was spent in Galveston and all enjoyed a trip to Astroworld.

Mrs. Louis Carle, Mrs. O. W. Tondre, Mrs. Joe

Mueller, Mrs. Sam Zerr and Mrs. Bud Guinn of Hondo spent Sunday in Corpus Christi where they visited Mr. and Mrs. William Wauson.

The Tony Langfelds of San Antonio, the Wayne Siglers of League City, Mr. and Mrs. Paul Pohlumus of Wimberly, and the Harold Ayers of Houston spent Sunday in the locality. Mrs. Ayers and daughter, Tracy, remained for an extended visit with her father, Charles B. Langfeld, who returned to his home on Monday after being a patient at Medina Memorial Hospital, Hondo.

Mrs. Don Fruit returned to her Houston home after spending several days with her mother, Mrs. Martin Ney.

## Wise land use aids soil conservation

When an inch of rain falls on a 160 acre farm, it delivers over four million gallons of water weighing 152 tons. If this is multiplied by the three, four and five inch rains we receive in Medina County, this is a lot of water.

When rains like this occur, many farms suffer if not protected by the necessary vegetative and structural conservation measures. With such a destructive potential always possible, one can readily see the need for conservation planning in order to protect and conserve our basic resource — The Soil.

Using the land according to its capabilities and treating it according to its needs has always assured the farmers of the best production attainable. The basis of conservation planning is land capability classes. Our land is divided into eight capability classes based upon the limiting factors of a particular tract of land. Each class is designated by a Roman numeral and each is different because of the kind of soil, the slope, the degree of erosion, the fertility, and the physical condition of the soil. As you go from Class I to Class VIII, your choices in the use become fewer and the risks become greater.

Knowing this, the best possible way to make land use decisions is to use a good soils map. For example, very shallow soil on a steep slope would be of a capability not suitable for cultivation. However, very shallow soils on a steep slope would be capable of supporting good range grasses.

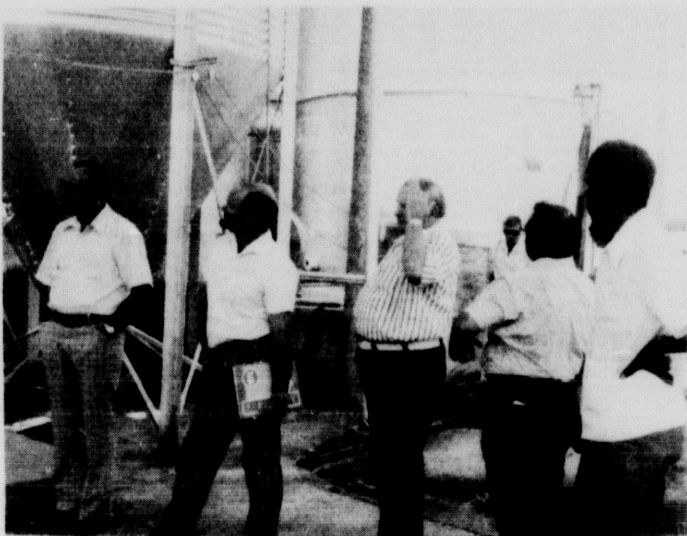

Treating the land according to its needs is the next item of importance. Soil, water, and plant conservation practices such as conservation cropping systems, contour

farming, terrace construction, terrace maintenance, crop residue use and crop rotations can be applied to cropland.

In addition to these practices, cover crops and soil improvements crops can be applied and will affect yield for years to come. Small grains, grain sorghum, forage sorghums, and legumes have been used in this area, attaining good benefits. The legumes, however, normally add more nitrogen to the soil than non-legumes.

Each farmer in the Medina Valley Soil and Water Conservation District who is interested in attaining the best yield possible on his land, should take a good inventory to determine if all the needed soil, water and plant conservation practices needed on his land have been applied and are being maintained. The application and maintenance of these needed conservation practices is the only way that maximum potential yields can be attained.

For further information and assistance in making these decisions, contact the Soil Conservation Service.

**VISITORS VIEW FACILITIES**—Virgin Islanders look over the ESCO grain operations in Hondo as Otho Evans [second from right] show them how grain is stored and marketed in the U.S. The group will apply this knowledge at home.

**MUENNINK SHOWS OFF CHAPMAN'S**—The tour included a trip through the Chapman Grain, Inc. where Jerry Muennink [right] explained the operation there. Group also toured Mumme's in Hondo.

## Capt. Paul Honig gets recognition in exercise

Agana, Guam — U.S. Air Force Captain Paul M. Honig, son of Mr. and Mrs. William Honig of 2009 Avenue F, Hondo, has been recognized for his participation in Operation Linebacker II, the successful air campaign last December against key military targets in North Vietnam.

Members of USAF's Eighth and Seventh Air Forces and U.S. Navy Task Force 77 who carried out the operation have

received the coveted Collier Trophy for 1972. During the campaign, Capt. Honig served as a B-52 Stratofortress pilot with the Eighth which is headquartered at Andersen AFB, Guam. He is assigned permanently to the 96th Bomb Wing at Dyess AFB, Texas.

The 27 aerospace leaders and authorities serving on the Collier Selection Committee of the National Aeronautic Association unanimously selected Oper-

ation Linebacker as the greatest achievement in aeronautics or astronautics of the year. The committee cited the campaign as a crucial and decisive factor leading to the return of U.S. prisoners of war and the attainment of other principal U.S. objectives.

Admiral Thomas J. Moorer, chairman of the Joint Chiefs of Staff, recently accepted the award in Washington in behalf of all military units involved.

## SS News

Social security payments will keep pace with the American standard of living for the next 50 years, according to Roy L. Swift, Social Security District Manager in San Antonio.

"A recent change in the law has made social security inflation-proof," Swift said. "Increases in benefits are tied directly to increases in the cost of living. Each year, beginning in 1974, living costs will be compared with those of the year before. If living costs have increased 3% or more and a general social security benefit increase has not been enacted, benefits will be increased by the same percentage the following January."

The first automatic increase in benefits could be for January 1975.

"To help meet the increased costs for these automatic increases in benefits," Swift said, "the social security law provides for automatic increases in the contribution and benefit base—the maximum amount of annual earnings on which social security contributions are paid and benefits are based. Increases in the base will only go into effect when automatic benefit increases become effective. The base will be increased automatically in proportion to increases in average wages covered by social security if that average has increased since the base or benefits were most recently increased."

Social security now pays over \$4 billion a month in retirement, disability, and survivors benefits to over 28 million people.

For further information, see your social security representative when he is in your area.

Your representative will be in Hondo at the City Hall at 8:45 a.m. Monday.

## SERVE AND SAVE

## SAVE AND SERVE

No matter how you look at it or say it — the truth is there! You are our kind of people if you desire to supplement your income each month and while doing so serve in a valuable and respected career position with the 433rd Tactical Airlift Wing at Kelly A.F.B. For one weekend each month you will find a challenging and rewarding time spent with the finest. Supplement your income... add to your experience... make new friends... become a part of a proud and respected team. It is all there in the 433rd Tactical Airlift Wing.

Mail the coupon below and we will tell you about this challenging and rewarding chance of a lifetime.

## Poerner's Corner .....

With the ever-present crush of a pressing session behind me, time can be given to reflection on what was accomplished during the 63rd legislature.

The big issues, big mostly because they were controversial, like drug abuse, ethics, school financing and environment grabbed the headlines.

But in between the debates on these issues, much other business was conducted and I am happy to say the House and the Senate treated me extremely well on most of the bills I sponsored.

Perhaps at the top of these efforts was 1188 creating the Texas Agricultural Marketing Act of 1973. Basically, this act allows for the development of more efficient and equitable methods of marketing agricultural vegetables. It prevents waste, assures the availability of high-quality products, and helps producers in preventing or correcting adverse market conditions. And as an added aid to agricultural vegetable producers HCR 66 creates an Interim Committee to study vegetable marketing so that Texas producers might be given every opportunity to compete in the nation's markets.

Next in state wide importance was HB HCR

77 which requested the State Board of Education to expand vocational-technical education. This means that vocational-technical opportunities would be offered junior high students and can help them in whatever career they choose after they complete high school.

In the Parks and Wildlife area HB 815 by Rep. Canales and myself authorizes rules by which nonsalaried game wardens can be appointed, thus providing much needed help to the presently over-extended staff in enforcing game laws. This bill was incorporated into HB 637 by Rep. Preston.

Also in this area HB 1648 now makes a fishing license in Texas valid one year from the date of issuance.

County officials and employees were the subject of HB 470. This bill assures them of legal representation by the County or District Attorney in certain suits brought against them for actions they committed

while acting within the bounds of the authority of their office.

In the area of the courts, HB 806 created a County Court of LAW IN Hays County, and HB 1270 by Rep. Bennie Bock and myself created the 207th Judicial District Court in Comal, Hays and Caldwell Counties. It also changed the name of the Second 38th Judicial District Court to the 216th Judicial Court including the counties of Kerr, Bander, Kendall, Gillespie and adding Sutton. This was incorporated into SB 52 by Sen. Mauzy.

HB 1167 was incorporated into SB 302 by Sen. Hightower and passed. It establishes new criteria for the qualifications of registered public surveyors.

In other areas, HB 1168 pertains to Medina, Bexar and Atascosa Counties in its relation to exclusion of certain lands by water improvement districts, and HB 1680 authorizes an exchange of land for Southwest Texas State University at San Marcos.

Every bill I sponsored certainly was not passed into law. But, all in all, I am pleased with the overall acceptance of what I offered.

Now we must look forward to the Constitutional Convention in 1974 and I invite every citizen in the 45th Legislative District to give me their thoughts on the constitutional revision. This input from the people is absolutely necessary if this vitally important task is to be accomplished correctly.
